PROFILE

Hi, I'm Aldo Miralles, an aspiring professional looking for a challenging position to leverage my experience and drive continued growth. With strengths in perseverance, attention to detail, autonomy, and versatility, I'm committed to delivering high-quality results. While I can be detail-oriented, I actively strive to maintain a balanced approach. My technical proficiency includes HTML, CSS, Tailwind, Bootstrap, TypeScript, React, Next.js, Express.js, Nest.js, PHP, Laravel, MongoDB, Firebase, MySQL, PostgreSQL among others.

WORK EXPERIENCE

• INSERTSITE Les Mureaux France

2022 - 2024

Fullstack Web Developer Entreprise

During my tenure at Inersite in Les Mureaux, France, I served as a fullstack developer, proficiently utilizing React, JavaScript, Laravel, and MySQL technologies. In almost two years, I contributed to various projects, demonstrating adeptness in both frontend and backend development.

• GOMAKEAPPS Paris

2022

Fullstack Web Developer Next.js Internship

Throughout this internship, I honed my technical proficiencies in Next.js, TailwindCSS, Node.js, Express and MongoDB. Additionally, I gained valuable teamwork experience in a professional work environment.

EDUCATION

• AFEC (BAC +2)

2022

Web Developer Training

This training enhanced my technical expertise in HTML, CSS, JavaScript, React, Node.js, MongoDB, and Git, while also fostering autonomy and teamwork capabilities.

• Ignacio Agramonte University

2019 - 2022

Computer Science

I have acquired foundational programming knowledge encompassing languages such as Java, Python, and C++, along with proficiency in algorithmic problem-solving and software development techniques.
